Slightly revised. Tod, our meeting with the program is now on Wednesday, in case you have a chance to look at this before then.

Subject: NHPA flowchart for Dewey Burdock

Hi all –

I promised the program something like this to walk through how the NHPA analysis might play out. I'm going to work some more tomorrow on inserting material specific to this project, but I think I'm close to done with it, at least until we find out more from NRC. Thoughts or suggestions welcome any time, of course.
